Plastic Chain Solutions!

Plastic Modular Chains

WT3109-W Series

- Suitable for the conveyance of workers and work trolleys
- Conveyors can be built with the low-profile to reduce worker strain from lifting tools and materials

BTH16 Series

- Suitable for vehicle conveyance
- High allowable load for conveyance of heavy loads

The shape of the chain surface ensures worker safety
by preventing slip and fall accidents and makes it easy to move around a trolley.

Note) When using chains for human conveyors, the Product Liability Act should be considered. In addition, it is necessary to acquire detailed information for the appropriate usage and to exchange safety confirmation sheets.
