

TSUBAKI Small size conveyor chain Integrated Attachment Chain

Tailor-made to the
optimum shape
for conveyance

We meet the needs of each
customer's production
process and environment.
Perfect solutions to issues
such as cost and labor.

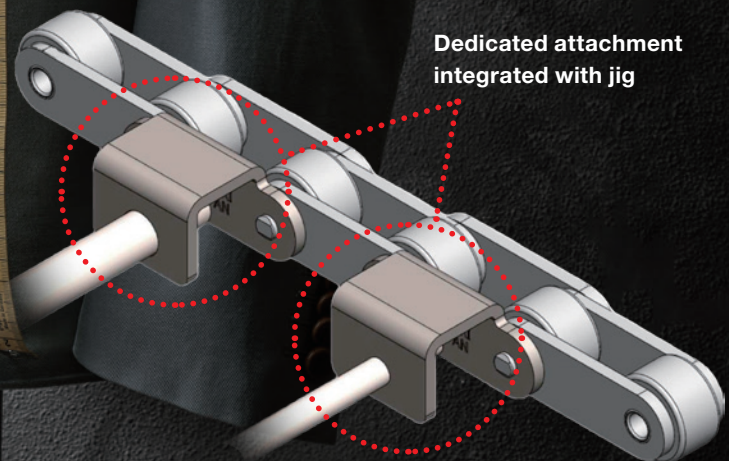

Before introducing the integrated attachment chain

Chain manufacturing, jig manufacturing, and mounting work were
handled by separate contractors.
This resulted in high costs and complicated process management.

After introducing the integrated attachment chain

Everything is integrated into TSUBAKI!
The best solution for all processes, costs and design!
